Connecting Healthcare IT

From 24 to 26 April 2012 the Berlin Exhibition Grounds will be the venue for conhit – Connecting Healthcare IT.

As the most important event dedicated to this specific field, conhit shows the contribution that IT solutions can make towards improving the efficiency and quality of Healthcare. Manufacturers, users and representatives of politics and science meet during conhit, where they can learn about the latest developments in Healthcare IT at the Industrial Fair, Congress and Academy. The main emphasis is on a dialogue between all the various institutions committed to the advancement of Healthcare.

Utilizing synergies

The 129th Congress of the German Society of Surgeons will be taking place at the same time at the ICC Berlin. Other events being held parallel with and immediately adjacent to conhit are Hospital Build and EuroID. All these events effectively complement each other, and provide mutual benefits.

In association with

With the participation of

Industrial Fair Identify solutions!

The Industrial Fair features some 250 exhibitors on a display area measuring 12,000 m², where they are presenting the entire range of products and services for Healthcare IT.

Guided tours of the Industrial Fair provide visitors with an accurate picture of the exhibitors and what they have on offer. Excursions to hospitals are also available to show the practical application of IT solutions.

Exhibition profile

- Software for hospitals, rehabilitation clinics and care homes
- IT solutions for medical practices, laboratories and radiographers
- Hardware and IT infrastructure
- Communication solutions
- Telemedicine solutions
- Archiving and documentation
- IT consultancy
- Medical technology (meets IT)
- Networked buildings systems
- Outsourcing
- Quality and knowledge management

Furthermore, small, innovative firms, consultants, associations, institutions active in research and development, universities and technical publications will be on show with their products in pavilions.

Congress Experience new aspects!

The slogan of the conhit Congress 2012 is "Developing strategies. Managing processes. Deriving benefits!"

The Congress is being organized by the leading German associations in Healthcare IT: BVMI, GMDS and bvitg, with contributions to the subject matter from ALKRZ and KH-IT.

The programme is being drawn up by the Advisory Board of conhit, comprising some 40 representatives of the relevant institutions.

Congress topics 2012

24 April 2012

- Mobile Computing
- Health Provision Management
- E-Health – a Comparison of National Strategies
- Data Protection

25 April 2012

- IT Strategies
- Knowledge Management
- IT Strategies for Management
- Electronic Documentation

26 April 2012

- Process Management
- Telematics
- Risk Management and Usability
- Telemedicine and Telematics

The conference language is German, with simultaneous interpreting provided in English.

Academy Get in-depth knowledge!

The interactive seminars at the conhit Academy provide opportunities for users and suppliers to join with experts in developing actual solutions and innovative strategies for dealing with current Healthcare issues. The groups will be of a manageable size to promote direct contacts among the participants, thereby encouraging more in-depth discussions.

Academy Seminars 2012

- IT Benchmarking
- Process Modelling
- Digital Signature and Archiving
- Usability

Networking Meet people!

Personal, individual networks are becoming increasingly important nowadays. The various networking opportunities reflect this need and are all ideal ways of cultivating and expanding your network. You will find the following at conhit 2012:

- Discussion forums, round tables, bvitg experts' forums and workshops
- Guided tours of the Industrial Fair and excursions to hospitals
- conhit career services
- conhit party and get-togethers.

NEW conhit Innovation Forums: In 90-minute sessions members of bvitg and experts will present the most innovative concepts for the IT sector on a number of selected topics. Afterwards companies will be displaying the IT solutions on their stands at the Industrial Fair.
